

Lung Health Event

Please join the Champlain Local Health Integration Network, the Champlain Lung Health Network, and our community partners at a special lung health event.

We are raising awareness among health care professionals and the public about spirometry, a simple test to diagnose and monitor asthma and COPD.

This event will highlight *Breathing Easier - A Guide for Asthma and COPD Patients in the Champlain Region*. This innovative tool is designed to help asthma and COPD patients across the Champlain region access the resources they need to better manage their own health care.

Please RSVP by **April 8, 2009** to:
613-747-3207 or **Elaine.Medline@lhins.on.ca**

There will be a spirometry demonstration at this event.

Refreshments will be served.

Date

Wednesday, April 15, 2009

Time

10:30 a.m. – 12:00 p.m.

Location

Innovation Room, Queensway Carleton Hospital, 3045 Baseline Road
